Did you feel that the treatment was relevant?

Did the treatment help your problem?

If relevant, did you enjoy your treatment?

Any Notes Or Observations? Any Problems or Suggestions For Improvement?

The infection cleared up completely after a week.

Your Overall Opinion Of The Treatment?

I wish I knew about this treatment 2 years ago when my problem first really started. It was such relief using this treatment and I cannot believe how quickly it calmed everything down. I would recommend it to anyone who suffers with Candida.
